## ROSEHIP + MSM

### APPLICATION

To be used to maintain the dogs and cats mobility and overall well-being. Ideal for older dogs and cats, as well as those exposed to heavy exertion.

- **MSM - essential for body function**
- **For increased vitality and mobility**
- **Rosehip - abundant in Vitamin C, galactolipids, and antioxidants**

Eclipse Biofarmab Nypon+ contains MSM and dried and ground rosehip skins, cultivated in the Chilean mountains. The various components have individually good properties and work together to generally improve the health status.

Rosehips are a rich source of natural Vitamin C, antioxidants, amino acids, minerals, trace elements, and organic acids, with the skin of these pigmented fruits boasting the highest concentrations. Rosehips (*Rosa Canina*) are notably abundant in galactolipids, recognised for their beneficial properties. Among their various functions, galactolipids aid in the synthesis of collagen and cartilage, essential for joint protection.

MSM contributes to the elasticity and permeability of cell membranes, facilitating the absorption of nutrients and oxygen by cells, while aiding in the efficient removal of waste products. Additionally, several B vitamins rely on MSM for their proper utilisation.

MSM is also a crucial component in cell formation throughout the entire body. It is involved in the construction of various essential structures, including cartilage, tendons, connective tissue, muscles, bones, and fur. Moreover, it serves as a key building block for the body's synthesis of amino acids, proteins, enzymes, and hormones. Organic sulfur, found in every cell of the body, is undeniably one of the most crucial components for overall bodily function.

Eclipse Biofarmab exclusively rosehip from the mountainous regions of Chile, where they are cultivated entirely without the use of fertilisers, additives, or pesticides.

Important: As this product is composed of natural ingredients, variations in colour and appearance are normal.

### FEEDING DIRECTIONS

>10 kg: 0.5 scoop/day

10-25 kg: 1 scoop/day

25-40 kg: 1.5 scoops/day

40 kg+: 2 scoops/day

In case of heavy exertion, the dose can be doubled.

Mix well in feed.

1 scoop = 25 g.

### SIZES AVAILABLE

0541 350 g = 35 days supply at 10 g/day

### COMPOSITION

Dried and powdered shell of rosehip from Chile, MSM (Methylsulfonylmethane).

### ADDITIVES

The product contains no additives.

### ANALYTICAL CONSTITUENTS

Crude Protein 2.7%, Crude Ash 2.8%, Crude Fat and Crude Oils 1.0%, Crude Fibre 8.4%.

### SHELF LIFE

24 months.
