

RÖDBETA BEETROOT POWDER

PERFORMANCE

General health

Promotes good
performance

100% BEETROOT POWDER

APPLICATION

To be used for enhancing stamina and speeding up recovery.

- Rich in vitamins and minerals
- No need to soak
- Tasty and easy to dose

Eclipse Biofarmab Beetroot contains 100% organic beetroot extract.

Beetroot is used to enhance endurance and speed up recovery. Studies in humans have demonstrated reduced blood urea levels, thereby lowering protein strain. Consequently, in recent years, beetroot has gained popularity among elite athletes and competition horses in disciplines such as distance riding, trotting, galloping, and eventing.

Beetroot is a nutrient-rich source, abundant in Vitamins A, E, C, and B, and contains a variety of minerals such as potassium, calcium, magnesium, sodium, copper, phosphorous, and iron. These components are essential for maintaining daily nutrient absorption in horses. Additionally, beetroot is a good source of folic acid, which plays a vital role in metabolism and the production of red blood cells. It is widely used to enhance stamina and speed up recovery.

Beetroot contains sucrose, yet its predominantly water-soluble fibres result in a blood sugar stabilising effect, despite the sugar content. These fibres form a gel-like substance in the intestines, thereby decelerating glucose absorption and consequently moderating blood sugar spikes. Furthermore, the red pigment in beetroot (betanin) acts as a potent antioxidant, safeguarding cells and blood vessels from free radical damage.

Eclipse Biofarmab Beetroot powder is sourced from organic farming, requires no soaking, and has been processed to remove oxalic acid. It is a concentrated beetroot powder, designed for easy feeding.

FEEDING DIRECTIONS

Pony: 0.5 scoop/day

Horse: 1 scoop/day

Large-sized horse (over 600kg): 1.5 scoops/day

Mix well in feed.

1 scoop = 25 g

SIZES AVAILABLE

0547 650 g = 26 days supply at 25 g/day

COMPOSITION

100% Organic Beetroot.

ADDITIVES

The product contains no additives.

ANALYTICAL CONSTITUENTS

Crude Protein 14%, Crude Fats and Crude Oils 0.5%,
Crude Fibre 5.2%, Crude Ash 9.4%, Sodium 0%.

SHELF LIFE

24 months.
